RULES, REGULATIONS & WAIVER

Injuries and Illness

Total K9 strives to provide your dog with excellent care and fun while boarding with us. Although the dogs are supervised at all time during play, injuries can still occur, such as scratches, cuts or sprained joints. Such injuries are rare, but they do happen at all daycare/ boarding facilities. In addition, while infrequent, dogs can get into fights, even under close supervision. Common areas or bites because of these fights are the snouts, ears, top of the neck and paws. Total K9 has procedures to screen dogs for aggressive behavior and we do not allow aggressive dogs to board with us. However, even the friendliest of dogs can get into fights with a very little warning. In addition to injuries, it is possible for dogs to transfer illness such as upper respiratory infections and kennel cough, even with the required vaccinations and boosters. This is just like school for children where the flu or strep can be passed from child to child. Such illnesses do not occur often and all dogs must have the necessary vaccinations at check-in.

What happens if my dog does not get along with another dog while boarding?

If your dog does not like a dog while boarding, they will be rotated during play time. Your dog will be teamed up with like players so they will get the proper exercise and attention. If your dog doesn't like more than one dog, your dog will not be allowed to interact with the other dogs and will be given special one on one playtime. Further boarding will be prohibited.

Crate Use

Total K9 is not 100% cage-free. Although we try to have as much cage-free time as possible, there are times your dog will be crated. It is mandatory they are fed in a cage to prevent other dogs from trying to steal their food. Also, to avoid bloat, all dogs will remain in a cage for a minimum of 30 minutes before they can play. I also believe dogs like children need naps. Overstimulation can cause a dog to get

grumpy just like us humans. There will be times no one will be home due to conflicting work schedules, at such times all dogs will be crated for safety.

DAY CARE

In the event of bad weather, I may, at my discretion, bring your dog and other boarders to work with me and let them run in daycare. You agree that the same rules apply within daycare. They will be caged during classes.

Transportation:

You understand that your dogs are not covered on either my vehicle or business insurance in the unlikely event of an accident. Total K9 will not be liable for any claims of injury or loss in the event of an accident whether the accident was Total K9's fault or the fault of someone else.

I understand that if I do not pick up my dog within 5 days of the agreed upon pick up date, I will be sent a certified letter regarding the dog's abandonment.
